HUNS ROUTED SOMME FRONT

Standard Oil Increases Its Plant

17,000 HUN PRISONERS ARE CAPTURED IN OFFENSIVE BY BRITISH-FRENCH ARMIES

LONDON, Aug. 9—More than 17,000 prisoners had been captured by the allies in the Somme drive up to noon today, according to advices this afternoon. More than 200 guns also have een taken.

WITH THE BRITISH ARMY IN FRANCE, Aug. 9—British cavalry and some infantry were signalled in the neighborhood of Chaulnes this morning. When last heard from directly, they, together with armored cars, were operating back of Framerville and have now progressed many wilometers beyond, continueing the cleaning up of the country and capturing villages.

WITH THE BRITISH ARMY IN FRANCE, Aug. 9—The Germans are blowing up their amunition dumps in the battle area. This is considered an indication that they are preparing to retreat.

The British casualties since the beginning of the present drive are but three-fifths of the number of prisoners counted up to 3 o'clock this afternoon.

Cavalry patrols, accompanied by swift "whippet" tanks, are reported by airmen for out ahead of the infantry advance. The infantry at many places was apparently checked by sheer physical inability to push on any further.

This afternoon the enemy's transport lorries have been rolling along the few good roads left in the Somme valley. They afforded excellent targets for airmen, who played havoc with the escaping convoys and speedily littered the roads so that they were impassable.

LONDON, Aug. 9, 1 p. m.—British and French troops have smashed their way through the German line east of Amiens for eleven miles at the furthest point, it was learned by the International News Service today.

NDetachments of cavalry are progressing four miles in advance of the infantry.

Incomplete counts reaching here stated that the British had taken 7000 prisoners, while the French have captured 3000. Many guns were taken, but no tabulation of them had been made.

The British infantry has advanced along the Amiens-Chaulnes La Fere railway for a distance of seven miles.

The nearest the German line approaches the allied base at Amiens is now twelve miles. This puts the city outside of efficient range. With the German retreat in the Champagne, two of the greatest allied danger points have been removed.

SCOFIELD ESTATE IS VALUED AT $372,000

OAKLAND, Aug. 9.—The estate of the late D. G. Scofield is appraised at $372,200, in appraisals submitted today to Superior Judge Kinsell, and an order for distribution will be issued tomorrow. Scofield, who was president of the Standard Oil includes $300,000 in Standard Oil Company of California, ended his own life in July, 1915. The estate ty goes to his children, Earl S. Scofield, Madeline I. Boynton and Emma S. Flint.

HEALTH OFFICE REPORTS MANY BIRTHS FOR LAST MONTH

The health department of the city reports that there were thirty-five births in Richmond during the month of July, twenty-three femals and twenty males. During the corresponding month in 1917 there were twenty-seven births and in 1916, thirty-one. The year before, in 1915, there were thirty-three births.

CAVALRY AND TANKS SLASH ENEMY AND CATCH FOE GENERAL

WITH THE BRITISH ARMIES ON THE AMIENS FRONT, Aug. 9.—Between nine and ten thousand prisoners, including 150 officers, among them a major general and several colonels, and 150 large guns have been captured by the Franco-British forces in their new offensive against the Germans. A vast quantity of other war material has also been taken in the terrific drive.

Owing to the open fighting, which was largely due to the topography of the ground, the british have used the largest force of cavalry and light tanks ever employed in the war. A large number of German machine gun nests were wiped out by these forces.

In their drive against the forces of General Von Hautier, the British also employed a strong force of motors, on which were mounted machine guns.

Every modern appliance of warfare was used in the initial stages of the drive.

The ground recaptured is territory taken by the Germans during March, and embraces a score of villages.

The cavalry patrols alone recaptured a number of villages late yesterday.

In some places British cavalry has penetrated the German lines to a maximum depth of twelve miles. Hard fighting continues all along the line today, with the British still advancing. Yesterday's gain averaged seven miles over a front of 20,000 yards.

The British advanced so quickly that German soldiers were found asleep in dugouts. Badly wounded English soldiers claimed they were shot by Germans wearing the brassard of the Red Cross.

It was a spectacular sight as the cavalry charged through the fog, across the fields and over the hills. Finally the sun roke through. The British continued to make progress, gaining every objective early in the afternoon.

There was a gruelling infantry class in the first "snake bend" of the Somme river, but the British advance went through without a hitch.

The morale of the British soldiers was wonderful. The hurts of the wounded were quickly bound up with torn shirts and tunics and they went back to the rear with smiles of satisfaction on their faces.

The Germans were too busy to return the shelling of the allied guns.

It was a great day for the English. They were astir at daybreak swarming over the roads in the German rear, where transports and fleeing columns of Geman troops were showered with bullets.

Have the Record-Herald follow you on your vacation.

BAKER URGES CONGRESS TO SPEED LAWS ON DRAFT MEASURE

WASHINGTON, Aug. 9.—Prompt enactment of the draft extension bill so that September 5 may be fixed as registration day, as suggested by Provost Marshall Crowder, was urged by Secretary of War Baker before the Senate Military Committee today. Without the extension, he told the committee, it would be necessary to invade the deferred classes.

In a statement to newspapermen, Baker said the order issued yesterday suspending all army and navy enlistments until definate action is taken on the man power bill does not apply to any person who has already taken steps to enlist or to enter a military training camp.

Baker was the final witness.

The War Department sent out telegrams to all the recruiting stations in the United States to cease recruiting until further orders and that all voluntary enlistments be suspended.

The order was pursuant to the decision of Secretaries Baker and Daniels to check demoralization of industries through a rush of men who believe they may be drafted under the proposed age extension.

AUGUST DRAFT TO CALL OUT 130,207 MEN

WASHINGTON, Aug. 9.—Calls for 130,207 draft registrants qualified for general military service to the colors before the end of August have been issued by the provost marshal general.

One hundred thousand registrants from forty-three states are ordered entrained between August 22 and August 30. Twenty-one states and the District of Columbia are directed to furnish 30,207 negro registrants to entrain August 22 to 24.

These orders bring the order of men called out in August to about 200,000, the number contemplated in the present military program.

California's quota is 2375, and the men are to go to Camp Lewis.

LOOKING OVER THE POLITICAL FIELD

A. B. Tinning, candidate for district attorney, is in town today looking over the field in a political way. He says he feels a great deal of encouragement over the Richmond situation.

THREE MILLION DOLLARS IN ADDITIONS TO RICHMOND REFINERY NOW UNDER WAY

The cost of the additions Standard Oil has begun making to its plant will be $3,000,000. The new works will occupy part of the swamp land area at the north of the refinery recently purchased from the Mintzer estate. Cross levies have been erected on this swamp.

Workmen brought here for this big job are finding accommodations largely in the western section of the city, where every effort is being made to provide them comfortable quarters and successfully. All unoccupied buildings are being utalized, even the former Nicholl City Hall having been rented and turned into a rooming house.

Material is being brought in over the main line roads and transferred to the Belt Line Railroad.

With the new addition Standard will have close to 4000 men on its payroll, and that is not the end. It is said that more than 5000 men will be employed by the Richmond refinery before the end of another three years.

YOEMAN LODGE HAVE OAKLAND GUESTS LAST EVENING

Olive Homestead of the Brotherhood of American Yoemen entertained the members of the Oakland drill team and their friends yesterday evening. The Oakkland team initiated three candidates for the local Homestead and their work was greatly enjoyed by the members of the Richmond Homestead.

After the business meeting and the work had been disposed of a short talk was made by District Deputy Andrews and then a light banquet was served.

A good crowd was in attendance and everybody present had an enjoyable time. Talks were also made by Mayor Lane and Messers. Cooly and Kmikner, the two latter being from Oakland.

Next Thursday evening is Social Night of the Homestead and a committee is at work arranging a good time for that evening.

Soak wilted vegetables in cold water until they are crisp and fresh.

GOOD GAME OF BASEBALL IS PROMISED

Manager Deitrich of the Richmond Elks has perfected his lineup for the game with the Mare Island Marines on next Sunday. He has a strong bunch of men for the work and there is but little doubt that he will be able to win the game, unless the artists comprising the team have lost their cunning, which is not at all probable.

The following men have been signed up for the game on Sunday and the fans in Richmond may be assured that they will see a red hot game of baseball, the lineup: Heister, S. S. Gallaway, 3rd, Maisel, L. F. Christensen 2d, Chappell R. F. Autry, 1st Cleek, C. Hollis, P. Freine, P.

STENOTYPE STUDENTS WILL GO ON HIKE SUNDAY

The students of the Stenotype school and friends will go on a hike to Long Beach Sunday. They will meet at the school at 10::30 a. m., and the boys will bring along fruit and the girls sandwiches for luncheon. Be on hand promptly and a fine day's enoyment is assured to everybody.

RICHMOND PROSPERING

Richmond should prosper dur[illegible] coming years more than it ever has in its history, at the present time, though you hear bu[illegible] little about it, the Standard is put[illegible] ing in addition which will cos[illegible] above $3,000,000. This is a sum of money, but it is a fact that the work is now going on and has been going on for some weeks.

And there are others [illegible] work which will add to the greatness and prosperity of Richmond. There are no vacant houses in the city and every housing convenience here at the present time is filled to overflowing. Indications are that the city will be compelled to supply homes for many thousands of people before next summer who are coming here to work in industries.

Richmond is growing very rapidly. The city is building up, but not as fast as our rapidly increasing population demands.

AMERICA'S PART IN WAR

The figures relating to the war activities are startling. The figures compiled by the United States army officials show that deaths from casualties on the battlefields among our forces are very small, indeed, remarks the Santa Rosa Republican. In some instances these have been scarcely more than the normal death at home in times of peace. This shows conclusively that the intensive training and the effort connected with war have tended to promote health and lengthen life.

The statement is made that the French and Americans during the last offensive captured more than 25,000 prisioners. This indicates that the Americans are extremely efficient, or that the Germans are welcoming capture. In either case, it indicates unmistakably that the tide has changed, and that if the allies continue their advance, it will eventually result in the bringing of peace, which the world is so longingly looking forward to.

The United States forces seem to comprise the balance of manpower which was necessary to turn the tide of battle.

The United States soldiers, notwithstanding a short course of training, are showing that they possess a morale not exceeded by the German army, which has been so intensively trained. The Americans, too, are showing an alertness, and a speed in their work which as never before been witnessed in Europe.

PLAY THE GAME

America has won from the wilderness by men and women who sought a refuge for themselves and their children's children from the tyrannies of Europe. At infinite cost of toil and suffering they secured that priceless boon. But if they could have foreseen that a time would come when thousands of their successors wold be too indifferent or too sordid to cherish the rights which they had bought with their heart's blood, they might well have feltered. Certainly their amazement and disgust would have been beyond expression.

For every citizen of this country, born or naturalized, there is the same first commandment—Obey the law.

And the second is like unto it—Help to make the laws and to enforce them in the love of God and man. On those two commandments hang all the duty of the citizen and the safety of the Republic.

In other words—be a good sport and play the game. For this democracy of ours is a great game, of government, a team work of all for the good of each under certain rules called laws, of which the first and greatest is—the majority shall rule. No one is compelled to stay in the game. If you do not like it, emigrate; but, so long as you do stay, play fair. It is as unsportsmanlike to refuse to obey our country's laws as it is to break the rules of a race and defy the referee. Remember always that this is yous country and your government, for which you are responsible.

But too many Americans are not good sports they refuse to play fair, and they are poor losers. Whenever laws do not suit them they break them, and yet imagine that they are good citizens.

At the other extreme stand the Weaklings and the Quitters, who find imaginary superiority for themselves in refusing to "mix in politics;" and between those two extremes are the Gabbers, whose talkative conceit and pinhead theorizing would split our system of government into an infinite jangle of Russian debating clubs. All those like well enough to hear the eagle scream when it does not cost them anything, but whenever they are called upon to make any sacrifice for the public good, straightway they become ardent defenders of "personal liberty." They are all Republic.

The naval forces of the United States do not seem to be able to capture the undersea raiders which are preying on shipping off the Atlantic coast. For weeks these U-boats have been sinking our merchant ships and while dilligent search has been and is being made, not a trace of them can be discovered by those who can combat them. It does not seem possible that Hun undersea craft can operate right here at home with a base of some sort and it has been suggested with more than a trace of logic that they are being supplied with fuel and provisions and perhaps ammunition by traitors right here at home.

It looks like the political situation in Contra Costa is likely to become somewhat tropical within the next few days. Certain things are crystalizing that will make the situation somewhat interesting, especially to some of the candidates. But strange things happen in political campaigns and the fact that this is war times does not seem to make a great amount of difference. Politicians are politicians whenever and wherever you happen to find them.

The British and French and Americans are going after the drive which has been under way during the past three weeks. This time they are driving the Hun back from the Picardy front and they are going to straighten his lines until finally he will be compelled to seek refuge in his own country across the Rhine. In a short time the Hun will be in the same fix as the Wandering Jew. There will be no place for him on the face of the earth.

How can Ludendorff expect people to believe the victory bulletins when it is an open secret that Austrian troops are being used on the battle front? Even the German people know that the Austrians are licked every place they show up.

MISSING ENGINEER MAY BE ON WAY TO HAWAII

SACRAMENTO, Aug. 3.—E. M. McKusick, missing engineer, well known in San Francisco and Sacramento, may be in Honolulu or en route there, where he has many friends.

This is the latest theory of friends of the man, who disappeared in Oakland several weeks ago as he was taking a Key Route train for San Francisco.

MABEL TINNEY STRAYED FROM OAKLAND HOME

Mabel Tinney, the little girl who was found on Ashland avenue Wednesday night by the police, resides in San Francisco, but she was temporarily visiting in Oakland at the home of Mrs. Anna Richards. Mrs. Richards sent the child to a near-by grocery store to buy some potatoes and after the girl performed the errand it is presumed she boarded a street car and came to Richmond bringing the potatoes along with her.

She was discovered at 11 o'clock at night with the small sack of potatoes in her arms, crying lustily. She was taken to the police station and kept until yesterday afternoon when her foster mother, Mrs. Richards found her through press notices in the papers that morning. Mrs. Richards came to Richmond yesterday afternoon and took the small mite of humanity back to her home.

FIFTEEN YEAR OLD BOY LEAVES HIS HOME

Albert Camp, a fifteen-year-old boy residing with his parents at Twenty-third street, disappeared from his home yesterday. He took with him a suit case with his good clothes and an overcoat and left for parts unknown.

Today a search for him is being made by his parents and the first places they will look for the missing lad will be in some East Bay shipyards, where it is expected he will go to look for work. It is believed that he was accompanied on his wanderings by some of the older boys of the neighborhood.

Correct Lubrication for the Ford Engine

The Ford automobile engine, illustrated here, like all internal combustion engines, requires an oil that holds its full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE LIGHT fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

"Zerolene is the Best"

—Say leading motor car distributors, because the records of their service departments show that ZEROLENE, correctly refined from selected California asphalt-base crude, gives perfect lubrication with less wear and less carbon deposit.

Most cars are *now* lubricated with ZEROLENE because their owners have learned through experience that there is no better oil.

Zerolene is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

At dealers everywhere and Standard Oil Service Stations.

MARY PICKFORD IS COMING BACK TO RICHMOND

M'liss," Mary Pickford's latest Artcraft picture, based upon the immortal story by Bret Harte, is the fifth photoplay featuring "America's Sweetheart" which was directed by Marshall Neilan. It will be shown at the Richmond Theater today and tomorrow.

According to those who have seen advance displays of the picture, it is fully up to the high standard set by Mr. Neilan's former productions. Practically every photoplay directed by Marshall Neilan, with Mary Pickford as the star, has afforded the screen a new and delightfull characterization, and of these "M'liss" is, by no means, the least. Every admirer of Mary Pickford will be delighted by "M'liss", because it affords her a role of the character which established her popularity as the queen of the movies, five years ago.

"M'liss" will be a notable production in every other respect, including a cast of high excellence such as is seldom seen in western pictures. Among the support are Theodore Roberts, Thomas Meighan, Tully Marshall and Charles Ogle. To all who love the great out-of-doors and the quaint characters of the Golden West, made notable by Mary Pickford in other screen success, "M'liss will prove a supreme delight.

JOHNSON ISSUES CIRCULAR LETTER

District Attorney Thomas D. Johnson has issued a circular letter to the press and the people of the county that he was not instrumental in circulating derogatory reports concerning his opponent, A. B. Tinning. He declares that the reports are without his sanction and that he hopes his friends desist from further work along this line.

RAGS WANTED—This office is in need of good clean rags. 5 cents per pound will be paid. Record Herald company, 314 Sixth street.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking become a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble."

By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

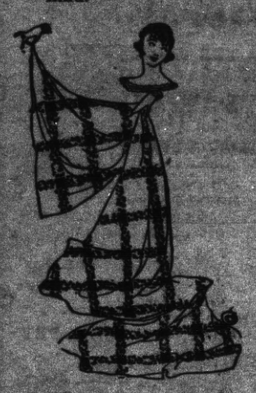
August Bedding Sale

offers substantial savings, both upstairs and in the Bargain Basement, on Sheets, Pillows, Pillow Cases Blankets, Comforters, Bedspreads, etc,

Rich, New Fall Silks

bought before the advance in prices

Silk prices are fast going up, and we are lucky, indeed, to have such bountiful Fall stocks pouring in that are fulfillments of orders placed before the heaviest advances were made, thus saving our customers substantial sums on silks of every new shade and kind.



Beautiful Fall Frocks Can Be Made From

Pussy Willow Satins

The superior quality and high luster of those fabrics make them most desirable, especially as their heavy weight but soft finish produce very graceful draped effects. You will find all the newest shades in 40-inch widths. Yard—$3.95.

Chiffon Taffetas

In the Silk Shop, forecasting the designing of many charming frocks for Fall and Winter! These rich, soft chiffon-finished silks are in newest shades and of splendid wearing quality; 38 inches wide. Yard— 1b9 to $3.50.

Chiffon Faille

A wide variety of Fall colors in these serviceable stylish silks await your choosing. Their wearing value is enhanced by their bright, lustrous finish; 40 inches wide. Yard—$2.00. First Floor.

Shimmering Crepe Meteore

will be very much in vogue this Fall for suits and dresses. Capwells have a large assortment of heavy quality with a rich satin finish in all the Fall shades; 40 inches wide. Priced at $2.95 a yard.

Satin Wins High Favor

with fashion designers as it appears alone for frocks and in combination with woolens; also for millinery, trimming and neckwear.

SATIN SUPREME of fine quality, 36 inches wide, and in the new Fall shades, is priced at $2.00 yard.

RADIANT SATIN, which is noted for its exceptional wearing quality and fine close weave, is 40 inches wide and priced at $2.50.

Exceptional Value!
Fall Crepe de Chines, At . . . . . $1.69 yard

Women who know good silks will appreciate the exceptional value of this special silk offer—particularly when they see and feel the fine, heavy quality and texture. Every wanted shade and 40 inches wide. Plan to come early Monday morning. First Floor.

Separate Skirts Cut, Fit and Basted for $1.50 and up

To help you in your tailoring problem for Fall, our Tailoring Department is making a special offer to cut, fit and baste parate skirt. The workmanship, which is at prices that mean savings to you on a see your skirt, if materials are purchased here, done by an expert man tailor, will be thoroughly satisfactory.

All the newest Fall styles shown—and new Fall fabrics to choose from.

GREAT PICTURE OF WAR BEING STAGED NOW BY ORPHEUM

The Richmond Municipal Band is going to dedicate its new bandstand on Nevin avenue at Tenth street this evening with a fine concert. The boys have arranged a delightful program and the people of the city are invited to turn out and hear them, for it is the first of a series which will be given from time to time by the band, which is one of the best around the Bay.

Here is the program for the concert which has been outlined by the leader of the band and those who are so fortunate as to hear it will find it is a very excellent one:

"Star Spangled Banner."
1—March, "Old Colonial," Taylor.
2—Overture, "King Midas," Ellenberg.
3—Waltz, "Italian Nights," Toban.
4—Remarks by Mayor Lane and Judge Hall.
5—(a)—March, "Over There," Coban.
(b)—Gavotte, "Captivating," Toban.
6—Selection, "Woodland," Luders.
7—Dance Specialty, "Miss Carrie Ellsworth," Miss Eleanor Hart.
8—March, "Bing, Bang Bing 'Em on the Rhine."
9—Selection, "Prince Charming," King.
10—"Liberty Loan March," Sousa.
"America."

GRAND CONCERT THIS EVENING BY MUNICIPAL CORNET BAND

IF YOU ARE A FULL BLOODED AMERICAN!

If you doubt the savagery of German Kultur.

If you want to see what the "Hun" does to his victims inc onquored territory—what he will do to the United States if we ever let him reach here—don't fail to be at the OAKLOND ORPHEUM theatre next "Hearts of the World," starts next

MEN'S HATS FOR FALL

Stocks are full of crisp, original, snappy headgear for men in many shades and in the smooth, rough and silk finishes which will be so much the feature this coming season. Prices from $2.50 to $6

Sunday matinee, a photoplay that week. The third big week of is said to be the greatest propaganda for Americanism that the World's War has produced. It has been filmed by no less a personage than David Wark Griffith, master producer of big and impressive American ideas. The man who gave the world the "Birth of a Nation," and "Intolerance." You all know "The Birth of a Nation," did in instructing the American public on the great era of unrest, the Reconstruction Period. You know what "Intolerance" did in educating the American public up to conditions of intolerance that prevailed in this world. Therefore you know that David Mark Griffith is the one man in America qualified to show us the barbarism of German Kultur and the dire perils that threaten this country should we not repel the blood thirsty Hun. This he had done in his latest picture "Hearts of the World," the photoplay at the Oakland Orpheum Theatre.

AT AVIATION SCHOOL

Former Deputy District Attorney Tom Carlson is attending the aviation school at Berkeley. He joined the aviation corps some months ago and for a time was stationed at San Diego.

THANKS LADY WHO GAVE INFORMATION

Overhears Conversation that Leads To His Recovery, Gains 18 Pounds

"I have already gotten back about eighteen pounds of the weight I lost while sick, and now my health seems to be just perfect," said Harry V. Horlocher in a recent conversation at the Matthewson Hotel, 204 Columbia Street, Portland, regarding the benefits he has derived from the use of Tanlac. Mr. Horlocher is a well known carpenter and is employed by the Standifer Construction Company, of Vancouver, Washington.

"On the 20th day of last March," explained Mr. Horlocher, "I was taken down with an attack of stomach poisoning—ptomain poisoning, I believe they call it—which almost carried me away, and since that time, until I got Tanlac, nothing I would eat agreed with me. What little I did manage to eat would soon sour, causing gas and terrible pain and misery. I lost my appetite almost entrely, and often just the smell of anything cooking would make me dreadfully sick at my stomach. My food evidently did me no good, as I fell off from one hundred and eighty pounds to one hundred and fifty. I just had to lay off from my work, as I felt too weak and exhausted for several weeks to even attempt to do anything. Just climbing up the steps to my room would take all my energy and completely exhaust me. I was constipated all the time, had headaches, and noticed that my nerves were all to pieces, and I couldn't get a good night's sleep. Nothing did me any good and I had become uneasy and worried about my condition.

"One day while in the Owl Drug Store I happened to overhear a lady who was buying a bottle of Tanlac, tell the man who was waiting on her that she had been suffering from stomach trouble for years and that Tanlac was the only medicine she had ever taken that did her any good. Well, she didn't know it, but just that little remark of hers sold me a bottle of Tanlac right then and there and if I only know her name I would like to thank her for putting me onto the thing that has given me back my health and strength. My stomach feels now like it is in just as good shape as it ever was. And such an appetite as I do have! I believe I could eat five times a day without suffering a particle afterwards. By using Tanlac Tablets in connection with Tanlac I have been relieved of constipation and I'm never bothered any more with headache. I now feel a hundred percent strong and well, and am putting in full time at my work and I certainly do think Tanlac is a great medicine."

Tanlac is sold in

Tanlac is sold in Richmond by F. B. Lamoine, in Antioch by H. J. Schuman and in Crockett by J. Civiletti.—Advertisement

"THAT FELLOW IS BOUND TO SUCCEED."

"Yes, sir, and he has the right theory about business success, too—dress ahead of your job! Think a little more, work a little more, and dress a little more than the average fellow does, and you'll receive what's coming to you. He should know, too, for he sure has been climbing. He told me that Cherry's gave him his first boost. They sell clothing on time payments, you know. Good clothes, reasonably priced, and oyu pay off the price as you earn it. Cherry's have two stores here—a man's store at 523 13th and a woman's shop at 515 13th."—Advertisement.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a SERIOUS power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

H. G. BUTLER
Power Administrator.
